

How to Create and Login to Parent Account

Creating an Account

Step 1: If you completed the [Summit Parent Account form](#), you should have received an email from Summit that looks like the image below. (Please check your junk folder.)

Step 2: In that email click “Log in.”

Step 3: Use the email you used to create the account and create a password. Hit continue to save your new parent account.

Your student is using a new tool at Second Street School

Dear Parent or Guardian,

You're getting this email because your student is signed up to use the Summit Learning Platform at Second Street School this year.

The Summit Learning Platform is an online tool that was developed by teachers. It helps students work at their own pace, set goals, and create plans to reach those goals. It also helps teachers understand their students' progress and give each student a path to success.

You can log in anytime to see what your student is working on and follow their progress.

[Log In](#)

Step 4: Go to www.summitlearning.org and click login. (See image below)

Step 5: Click “Parent Login” in the top right corner. (See image below)

Choose Your Document Provider

 Google Drive

 OneDrive

Enter Enrollment Code

Enrollment codes are a set of numbers and letters.
They could look like **BA26-45FC** or **DXBAF**.

If you are a student and have an enrollment code,
use that to sign up for your class.

Enter Enrollment Code

Step 6: Use the email and password you used to create the account, and login using the screen below.
