

Frequently Asked Questions about Grading

1. Will I get a report card?

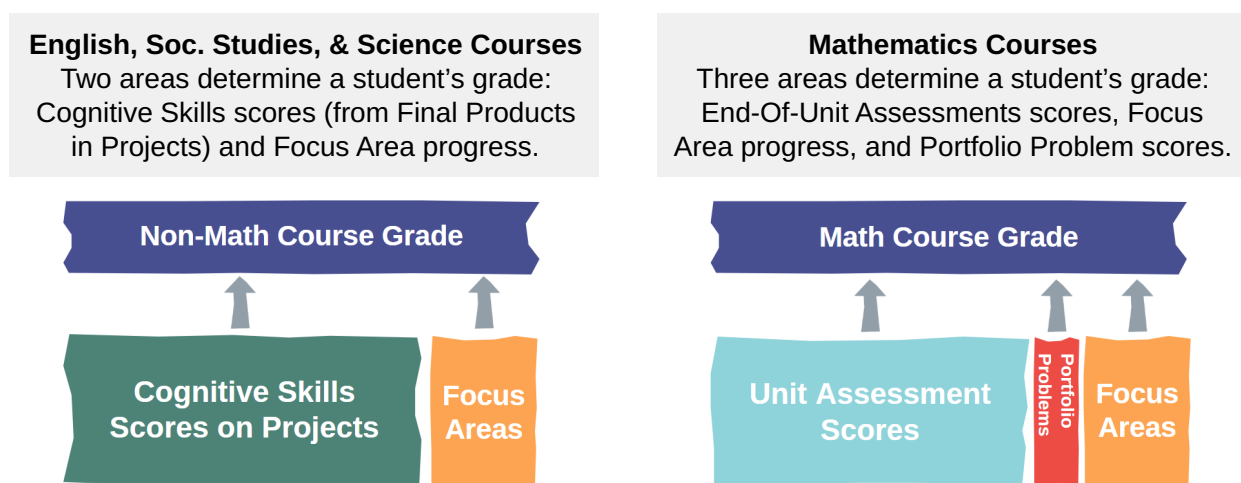

Yes, you will report progress at each quarter giving an overall average and a snapshot of your progress in Summit. You will also receive a report card at the end of the year when grades are final. One of the best parts about having the Summit Learning Platform available to you at all times is that any time you want to see your child's grades you can!

2. What do the Summit colors on my dashboard represent?

- Red:** You have not turned the assignment in and it is late
- Yellow:** You have turned the assignment in, but have feedback and need to revise
- Green:** You have turned the assignment in and met the criteria on the rubric

3. How is my grade calculated?

Here's a quick visual reference of how grades are determined:

Non-Math Course Breakdown:

- 80% Cognitive Skills scores
- 14% Power Focus Area progress
- 6% Additional Focus Area progress.

Math Course Breakdown

- 70% Unit Assessment scores
- 20% Focus Area progress
